

SOPLAIR

HARD-SHELL FOLDING ROOF TENT

RAINBOW

SOPLAIR Rainbow hard-shell pop-up roof tent for two adults, with aluminium shell, 320 g/m² polycotton fabric and semi-automatic opening. The SOPLAIR Rainbow hard-shell pop-up roof tent is designed for installation on a vehicle roof. It combines a rigid aluminium shell with polycotton fabric, making it ideal for travelling as a couple.

DESIGN AND MATERIALS

The structure is based on a black rigid aluminium shell, combined with a grey 320 g/m² polycotton fabric with a 3000 mm PU coating. A 160 g/m² polyester rain cover with a 10,000 mm PU coating is integrated. The floor is also black. This assembly forms the base of the tent and its integrated sleeping area.

SLEEPING AREA AND CAPACITY

The sleeping area measures 120 x 200 cm and is designed to accommodate two adults. The tent is fitted with a foam mattress with a removable cover, integrated into the sleeping area.

OPENING, DIMENSIONS AND FEATURES

The tent features a semi-automatic opening system comprising two gas struts and four hinges. It is 21.5 cm high when closed and 170 cm high when open. The tent measures 2.16 m in length and 136 cm in width.

The equipment includes two side doors and a front window, all fitted with flaps and mosquito nets. A canopy with a clear plastic window is also included. Access is via a 2.3 m aluminium ladder, supplied with its own carry bag. Inside, there are two storage pockets and hooks for hanging a camping lamp. A lamp is supplied.

PRODUCT+

- Sleeps two adults
- Rigid aluminium frame
- 320 g/m² polycotton fabric
- Semi-automatic opening
- Aluminium ladder included

PRODUCT FEATURES

Reference	777581
Number of seats	2 adults
