

IN-TERMIK

The IN-TERMIK interior curtain consists of 7 layers, including a reinforced aluminised polyester top layer. This interior blind is designed to protect against heat and cold. The aluminium side blocks and reflects the sun's UV rays.

THE RANGE

KEY POINTS

PROTECTION

Barrier against temperature differences. Optimisation of your comfort.

PERFORMANCE

Reinforced aluminised polyester finish, blocks and reflects the sun's UV rays.

FIXING

Attaches to the inside of the vehicle with suction cups for easy installation.

PRACTICAL

The shutters are supplied with a storage bag.
